Subject: Lard Oil Update
Date: Tuesday, August 30, 2016 1:40:00 PM

- **LARD OIL SPILL, DENHAM SPRINGS, LA:** EPA continues to provide RP oversight of the Lard Oil spill cleanup activities that has impacted a residential area. The RP has been removing stained vegetation and has started scraping contaminated surface soils. The RP started air sampling activities on the facility and around the perimeter of the “impact” area of the oil release. EPA reviewed and provide comments back to the RP regarding their “Technical Sampling and Analysis Plan”. EPA received the RP’s “Draft Cleanup Plan” for EPA review/comment which includes indoor air and wipe samples of contaminated properties. Many residents have obtained legal representation which appears to have had an adverse effect on gaining property access agreements.

LARD OIL – 12:30 pm 8/29/2016	
73	Estimated Total Number of Houses within “Impact Zone”
39	Number of houses Oiled OUTSIDE
7	Number of Houses Oiled INSIDE
46	Number of Houses with Oil in YARD
36	Number of Houses with ACCESS AGREEMENTS Granted to both EPA and Lard
